Earth-Science Reviews, 25 (1988) 521–522
Elsevier Science Publishers B.V., Amsterdam — Printed in The Netherlands

CONTENTS VOL. 25, 1988

Recent developments in quantitative stratigraphy
F.P. Agterberg (Ottawa, Ont., Canada) and F.M. Gradstein (Dartmouth, N.S., Canada) 1
Book Reviews
Aerial photographic mapping 75
Climatology 76
Continental drift 76
Economic geology 79
Engineering geology 85
Geochemistry 86
Geomorphology 86
Geophysics 87
Hydrology 90

Announcement 93
Review of the inorganic geochemistry of peats and peatland waters
W. Shotyk (London, Ont. Canada) 95
Announcements 177
Convection in the atmospheric boundary layer
G.S. Young (University Park, Penn., U.S.A.) 179
Review: mesoscale modelling in complex terrain
W.L. Physick (Aspendale, Vic., Australia) 199
Book Reviews
Oceanography 237
Paleontology 245
Phosphate deposits 248
Physical geology 249
Pollution 250
Precambrian geology 250
Regional geology 252
Remote sensing 253
Sedimentology 254
Structural geology 256
Tectonics 257
Volcanism 260
Other Publications Received 263

Travelling waves and bores in the lower atmosphere: the "morning glory" and related phenomena
R.K. Smith (München, F.R. Germany) 267
Size, depth and related structures of intrusions under stratovolcanoes and associated systems
B.S. Sibbett (Salt Lake City, Utah, U.S.A.) 291
Book Reviews
Economic geology 311
Engineering geology 312
General geology 314
Geochemistry 318
Geodesy 322
Mineralogy 323
Paleontology 324
Petroleum geology 326
Petrology 329
Quaternary geology 337
Rheology 338
Sedimentology 339
Soil science 341

Preface 343
Landscape evolution in Antarctica
I.B. Campbell and G.G.C. Claridge (Lower Hutt, New Zealand 345

The regolith in Australia
C.D. Ollier (Armidale, N.S.W., Australia) 355
Palaeomagnetic dating of Late Cretaceous to Early Tertiary weathering in New England, N.S.W., Australia
P.W. Schmidt (North Ryde, N.S.W., Australia) and C.D. Ollier (Armidale, N.S.W., Australia) 363
Soil evolution: Evidence from Southern Australia
J.B. Firman (Fremantle, W.A., Australia) 373
Towards a weathering model of Mount Lamington ash, Papua New Guinea
B.P. Ruxton (Belconnen, A.C.T., Australia) 387
Desert varnish and environmental change near Broken Hill, western New South Wales
D. Dragovich (Sydney, N.S.W., Australia) 399
The reconstruction of palaeodrainage and regional geologic structures in Australia's Canning and Officer basins using NOAA-AVHRR satellite imagery
I.J. Tapley (Wembley, W.A., Australia) 409
Delineation of structurally controlled landforms in southeastern Queensland using remotely sensed data
C.R. Nash (Fyshwick, A.C.T., Australia) 427
The soil geomorphic history of the broken plain belt in the northeast corner of the Darling Basin, Eastern Australia
D.C. van Dijk (Taringa, Qld., Australia) 433
After the flood: the fluvio-lacustrine landforms of northern Botswana
P. Shaw (Gaborone, Botswana) 449
Land-surface evolution at the continental time-scale: an example from interior Western Australia
J.A. Mabbutt (Berry, N.S.W., Australia) 457
Karst landscapes of New South Wales, Australia
R.A.L. Osborne and D.F. Branagan (Sydney, N.S.W., Australia) 467
Landscape: a Southern Hemisphere perspective
V.R. Squires (Roseworthy, S.A., Australia) 481
Biodiversity and landscape
P.B. Bridgewater (Canberra, A.C.T., Australia) 485
Soil-landform and vegetation relations in the chenopod shrublands of western New South Wales
D.J. Eldridge (Broken Hill, N.S.W., Australia) 493
Changes in land use and soil erosion in South African and Ciskeian portions of the Yellowwoods drainage basin between 1975 and 1984
A.v.B. Weaver (Grahamstown, South Africa) 501
Ecological districts as a framework for landscape interpretation for tourism in New Zealand
P. Simpson, B. Evans and B. Geden (Wellington, New Zealand) 509
